

MEMORANDUM

TO: Conservation Committee
FROM: Maureen O'Meara, Town Planner
DATE: February 4, 2019
SUBJECT: Great Pond Boat Racks 2018 Season Report

Introduction

2018 is the ninth year of boat rack storage at Great Pond managed by the Town of Cape Elizabeth. The Boat Rack Program is operated on land owned by the Sprague Corporation in accordance with the terms of the easement granted to the Town of Cape Elizabeth. Below is a summary of this season's highlights.

Boat Permit Issuance

Permits were again issued on a lottery system where a record 121 permit applications were submitted, 30+ more than was received the previous year, for 32 slots. A second drawing was held from the original pool of applicants when 2 lottery winners declined the permit. Permit holders continue to be from all parts of town.

Periodic inspections

Staff inspected boat rack use on 2 dates during the season. At the first inspection in May, several boat rack slots were empty as the summer season had not begun. The second inspection fell after the summer season. Three permit holders may not have used the racks for storage, however, due to the limited inspection data, use of the racks may have been missed. For this reason, no non-use penalty should be applied for the 2018 season.

All boats must be removed from the racks by the first Saturday in December. Staff inspected the racks on February 4, 2019 to find 1 boat still in place. The permit holder has been notified to remove the canoe by February 10th or it will be removed by the Department of Public Works.

Conclusion

No changes to the program are recommended for the 2019 season.
