"QUALIFIED MOORING INSPECTOR" means an individual or company who, to the satisfaction of the Harbor Master, is qualified to inspect mooring tackle as to condition and size. Qualifications of the individual or company selected shall be reviewed and evaluated according to previous experience in the installation and inspection of moorings; familiarity with mooring tackle, including the size and type of mooring tackle that is needed for the safe mooring of given sizes of vessels; and familiarity with the mooring regulations established by the Harbor Commission. To be considered for appointment as a mooring inspector, an applicant must furnish proof of liability insurance to the satisfaction of the Harbor Commission, but shall be not less than one million dollars. Once appointed, a qualified mooring inspector must maintain said liability insurance and provide proof annually to the Harbor Master
