To:

Cape Elizabeth Harbors Committee

ATTN: Steve Harding (Clerk)

From:

Harbor Master Ian Anderson

Dear Committee Members and Councilors:

I would like to voice my support of the recommendations made by the Cape Elizabeth Fishermans Alliance. All 5 of the recommendations they've included in their request are simple, straight forward items that have been talked about and discussed at length as being beneficial to the unique, challenging dynamic that is present in the Kettle Cove/Crescent Beach area. In addition, I believe it to be of the utmost value that our committee be shown to have worked with the Fishermans Alliance, as they are such an integral part of the issues that are dealt with in the launch/beach parking area.

Very Respectfully,

Harbor Master Ian Anderson
