[CE SBAC] Owner's Rep - PROPOSAL RANKING PLAESE COMPLETE BY END OF THE DAY 3/12

Inbox x

Penny Jordan via capeelizabethschools.org to SBAC

Wed, Mar 8, 6:24 PM (17 hours ago)

Please plan to complete the online REVIEW FORM (just click on link below) by the end of the day Sunday March 12th. We plan to share the consolidated results with the full team prior to our March 15th meeting.

- Link to Review Form
Link to RFQ Document

At our March 6th meeting we discussed the RFQ below is a summary of that discussion. Goal 1 is to develop a high-level design and associated cost that meets the needs of our students and can be supported by Cape Elizabeth citizens. And will be placed in a referendum as soon as practical and feasible.

At our March 6th meeting we highlighted a few areas to think about as you review and rank the proposals in prep for our March 15th meeting.

- School experience or having worked with a team with school experience.
- Experience with the political process.
- Range of experience - types of projects, role on projects.
- Analysis - how would they approach the analysis phase, do they appear to have experience in this area?
- Does it appear they are able to guide us to alternatives, designs, and pricing?
- Do they understand funding for school projects, is it in Maine?
- Safety record
- Transition us to design
- Ethics
- Do they have experience building in a live setting?

If you have started your rankings and want to change them - just start another form for the same entity - Cindy will only include the rankings for the most current date/time.

If you have any questions please give a yell!
