Subject: Timing of Survey mailer is very suspicious

Message Body:

To whom it may concern,

Like many families , we were traveling during our February break. Which is also when your survey mailer was sent out. According to the postage stamp it was sent out on April 15th. Which means it would have made it to our mailbox on the 17th. When we returned home on the 20th we were given two days to respond and that's only if we responded online because we all know how fast our Cape mail is. AS TAX PAYERS that own both a home and business we were not given adequate time to have our voices heard. Here I am attempting to to complete the online survey on the 23rd only to find it is closed. Very disappointing and suspicious.
