Subject: Support for E

Message Body:

Hello,

I am writing to support E from the perspective of a concerned parent and also a taxpayer who doesn't want to see my hard earned dollars go to waste. Any renovating on schools that are outdated is a complete waste of our time and money... both now and then again when we have to go through this awful process again in a couple of years if we just renovate. From a fiscal responsibility perspective, I only support E and will not support either B or C if they make it to the ballot because they seem to be a waste of our money.

Thank you for your consideration.
