1) This is a helpful table, but can we see a similar table that replaces how they voted in 2022 with what level of tax increase they find acceptable in April 2024?

### Level of Property Tax Increase Supported for School Buildings (cont'd)

- Not surprisingly, those who voted in favor of the November 2022 referendum proposal are significantly more likely than those who opposed the referendum to support a property tax increase of 10% or more to pay for the school buildings project.
- Compared to respondents who have lived in Cape Elizabeth for less than 15 years, longer-tenured residents are significantly more likely not to be willing to support a tax increase or to support a tax increase of less than 5%.
