Good morning, I wanted to make sure everybody has a copy of the agenda for Thursday May 2nd meeting.

The purpose of this meeting is to prepare us as a team to make a decision on May 9th on the project we want to put forward to the School Board, Town Council and community.

On Thursday night May 2nd we will work to agree to the criteria we will use to make a decision. In addition we will have a presentation on the most recent survey and discuss the takeaways and any conclusions. This work and all we have learned over the past 15 plus months will help guide our work on May 9th.

We are at a pinnacle point in our work. I'm looking forward to hearing from all committee members as we work toward this significant milestone in our project.

Thank you and have a super day!!
