Members of the School Building Advisory Committee:

Thank you for the time and effort you have contributed to the School Building Advisory Committee.

My husband and I moved to Maine 35 years ago and built our home in Cape Elizabeth. Our only son was in college then and never attended school here.

Option E seems the most viable and financially sound selection of the three choices being considered for the following reasons: the cost is not substantially higher than the others, Option E addresses most of the inadequacies in the existing buildings, it is the least disruptive to the students.

I encourage you to vote for Option E.

Barbara Schenkel
