Hello SBAC,

I am writing to you today to urge you to support and move forward with option E of the new school proposal. As a member of this community most of my life, having attended all of cape schools and returning to Cape 6 years ago with my family, I know first hand the condition of the schools and dire need to rebuild and improve upon their safety, infrastructure and quality.

-option E gets Cape a new MS which will last 60+ years, and sets Cape up to only have to rebuild ES and/or HS in 10-20 years, instead of all 3 schools.

While the up front cost is the greatest, E is the most fiscally responsible for the town in the long term and it is our duty as residents to keep our town a thriving community that attracts young families , provides safe schools systems that foster great experiences and educations.

Thank you,

Hanna and Sam O'Meara
