SBAC members,

As you are well aware, the results of the latest survey that you asked residents to fill out and return have shown that Option E is the overwhelming winner, no matter how those who are against it try to spin it. It would be fiscally irresponsible and contrary to the best interests of the town and community to try to push any other option forward.

The school buildings and educational needs have been neglected and ignored for far too long. It's time to do better.
