Hi SBAC –

My name is [name] and I live in [neighborhood].

Thank you so much for the tireless work you've put into the school project. As you meet this week to decide on which proposal to push forward, I strongly encourage you to pick Concept E.

- Concept E is the most financially responsible choice – we will pay less as taxpayers in the long term. For Cape residents on fixed budget, this is imperative.
- Concept E sets the town on the path of creating a master plan, something that will benefit residents today and far into the future.
- Concept E has the least amount of student disruption.
- The cost difference between C and E is minimal, but with E we get a chance to 'restart the clock' through a new school.
- Concept E creates a safe, long-term solution for the issues that have plagued our town for more than 3 decades.
- The survey data clearly shows that there is wide-range support for Concept E – and movement from those who voted 'no' at the last referendum to vote 'yes' in November. In short, Concept E can and will pass a public vote.

I know many of you want to push through a proposal that will pass. In my opinion, Concepts B and C are bad investments and I will not vote for them if they are on the ballot.

Thank you for your time.

Meg Rogers
