Hello SBAC,

My name is Jay Tansey and my wife, Elly Pepper, and I live on Oakhurst Road, and have three children ages 3.5, 6, and 9 y/o.

Thank you very much for the tireless work you've put into the school project. As you meet this week to decide on which proposal to push forward, we strongly encourage you to choose Option E.

- Option E is the most financially responsible choice – we will pay less as taxpayers in the long term. For Cape residents on fixed budget, this is imperative.
- Option E sets the town on the path of creating a master plan, something that will benefit residents today and far into the future.
- Option E has the least amount of student disruption.
- The cost difference between C and E is minimal, but with E we get a chance to 'restart the clock' through a new school.
- Option E creates a safe, long-term solution for the issues that have plagued our town for more than 3 decades.

- The survey data clearly shows that there is wide-range support for Option E – and movement from those who voted ‘no’ at the last referendum to vote ‘yes’ in November. In short, Option E can and will pass a public vote.

I understand the interest in promoting a proposal that can pass, and I want to underscore that Options B and C are bad investments and I will not vote for them if they are on the ballot.

Thank you for your time and consideration.

Best,

Jay
