Hi SBAC –

My name is Bev Altenburg. For transparency, I am Heather Altenburg's mother in law.

I have lived in the Cape for 36 years. My children and all 5 grandchildren have attended the Cape Schools, most of whom are now in college, so the changes do not directly affect my family members. But I am concerned for the future and vitality of our wonderful town,

I am also a senior citizen who does not have an unlimited amount of money. I think the general feeling is that we seniors do not want to spend money on our schools. I would like to point out that this isn't necessarily the case. I and many of my senior friends whole heartedly support Option E for our school choice. It is truly the best option for our town.

We have beautiful beaches and scenery and what used to be great schools. That is it. We do not have a great town center, a source of revenue except for property taxes. And we are in danger of losing our great school reputation- both from the physical and also test scoring aspects. We have members of our town council who want to nickel and dime the school board to death while bringing forth no recommendations for producing a revenue stream for our town. Some won't even for the regular school budget-but that's a story for another day.

Thank you all for all of the work you have done on this project. I really appreciate it. Now let's bring it home!

Bev Altenburg
