I support Option E, for the School Building Plan. It is the best use of taxpayer dollars; it resets the school campus maintenance plan...one new building, with repairs to the other two, with a master plan going forward, to address future school needs. Option E also requires the least disruption to students, whose educational lives have already been negatively impacted by COVID.

Hopefully, the Cape Elizabeth Town council will develop an assessment of all municipal properties, including the schools, and a Master Plan for appropriate repairs/renovations/replacements as needed, going forward. There has been a chronic failure of the fiduciary responsibility for maintaining physical plant facilities, sacrificed on the altar of lower taxes.

Respectfully,  
Maria Glaser  
Age 79  
48 Wildwood Drive
