SBAC,

Thank you for all of the work you have done to get us to this point. I feel that the process has been transparent and well considered, soliciting and using input from the community. You considered the most expensive and least expensive options and have narrowed to a reasonable set of remaining options.

Please ensure that all of that work has been worth it by advancing Option E for the fall vote. Spending all of those tax dollars on a patchwork, temporary, and disruptive solution like B or C will not have my support.

Thank you and best of luck.
