Hello --

I am hoping to be able to attend tomorrow's meeting, but I am writing to also formally state that I fully support option E as the most comprehensive, safest and forward thinking approach to our future school building plans. I have 3 young children who will soon join the Cape schools, and I hope to see continued investment in our children's future and education through safe, clean buildings, which I believe can only be achieved through choosing option E.

Thank you.
