Hello -

I would like to thank you for all the time and effort you have put toward the school building project.

I am emailing to express again my full support for Option E. My husband and I moved to Cape Elizabeth in 2015 in order to raise our family. Like many others, the schools played a very significant role in our decision to move here. We now have a third grader and kindergartner at Pond Cove as well as a preschooler who will start there in another year. The amount of issues that have come up over the years at the schools has been shocking. The staff and children have already dealt with many disruptions due to poor facilities. They deserve safety, security, and appropriate conditions in their learning environment.

Thank you for your time and consideration,

Jaime Green
