Hello,

Thank for your work on dealing with Cape's aging school infrastructure.

I am a parent of two kids in Cape's school system and also am a proud contributor to Cape's tax base.

I encourage you to make the decision this week to advance Option E!

Option "E" is the most reasonable choice when long-term costs are taken into an account. The renovation options will leave us with aging infrastructure whose annual operating costs will exceed that of a brand new building.

All the best, and good luck in your deliberations.
