I want to express my support for proposal E. I do NOT support proposal B. Although the email below says that I should have received the survey in the mail (and I was waiting to reply to review the mailing), I didn't get it until after the survey closed. Most people I know had the same experience. If you plan to do this type of survey in the future, please send out the mail much earlier.

Thank you,
Barbara Leen

Subject: [CE SBAC] Survey Linked | Apr 22 Deadline to Respond
Reply-To: Cape Elizabeth School Department <noreply@capeelizabethschools.org>

Cape Elizabeth School Building Advisory Committee

www.capeelizabethsbac.com

Dear Cape Elizabeth Resident,

We value your input as we shape the future of our schools. Each registered voter in Cape Elizabeth is invited to participate in the School Building Survey. This survey will help guide decisions on the proposed school building designs. **Please remember that this is a survey to gather your opinions, not a formal vote.**

You should have received a survey packet in the mail last week. This packet includes detailed information on the three design concepts, our educational needs, and the tax

impacts associated with each option. **Please review these materials carefully.**

You have the flexibility to complete the survey online here: <https://www.capeelizabethsbac.com/survey/> or return the paper survey by mailing it back using the enclosed postage-paid envelope or dropping it off at Town Hall. Note, the informational materials included in the mailer are also available on the website link above.

Important: Whether you choose to respond online or on paper, please submit your survey by April 22nd to ensure your feedback is counted. Each resident aged 18 and older is eligible to participate, but please submit only one response per person to ensure that every voice is counted fairly.

Thank you for participating in this vital community decision-making process. Sharing your views is essential as we continue to plan for the future of Cape Elizabeth's educational facilities.

Sincerely,

Michael Hussey
SBAC Community Member and Chair of the Communications Subcommittee
