Good Morning,

I'm writing to express the importance of building new schools here in Cape. The middle school is incredibly outdated and we lose good staff when you can't work in a space that meets your needs. Also, to displace students for so long to renovate when there is quick a lot of risk in what will be found that will need to be remedied is not worth it when we can build new. This town and its students and teachers need to be valued and deserve a new space that supports the next generations of citizens.

Thank you,  
Kristin Riley
