Hi Everyone -

This will be my last message for tonight - I promise! Here are some links to help you all get up to speed on the work completed prior to last November's referendum.

Previous Project

[CE Building Project Website](#) - This website was created and maintained by the Public Outreach Subcommittee for the previous school building project
[History and Reports Page](#) - Contains summary of project and links to engineering and architecture reports and key presentations

Other Resources

[Maine Department of Education Major Capital School Construction Programs](#) - Includes information about the state funding process, historical information of state funds awarded from 2010-present, and planning documents and guidelines for school construction projects.

Meeting Links

Nearly all of the meetings of the previous building committee were recorded and are available to view on demand on the CETV website. Presentation materials from those meetings are archived at the school department website.
[CETV Building Oversight Committee Video on Demand](#): Recordings of building committee and subcommittee meetings from October 2019 - November 2022

[School Department Meeting Document Archive](#): Agenda, minutes and presentation materials from building committee and subcommittee meetings from October 2019 - November 2022.

The following are links to some of the early meetings of the previous building committee - this will give you an idea of where the group started:

[March 4, 2020 - Building Committee Meeting](#) (video): Maintenance presentation, discussion of 4 options

[February 4, 2020 - Building Committee Meeting](#) (video): Discussion and prioritization of Needs Assessment

[January 7, 2020 - Building Committee Meeting](#) (video): Discussion of New Construction/Renovation, Bonding History, Square Footage, Sustainability and overall plans for Town Buildings

[November 5, 2019 - Building Committee Meeting](#) (video): Presentation from Colby Co Engineering following Needs Assessment Report
[November 5, 2019 - Building Committee Meeting Minutes](#)

[October 22, 2019 - Building Committee Meeting Minutes](#) - Needs Assessment and Next Steps

[October 22, 2019 - Building Committee Meeting Presentation Materials](#)

History of 1990s PC/CEMS Renovation

If you want to go waaay back, the following videos are from the 1990s major renovation of Pond Cove and CEMS:

[October 1993 - Renovation Project Documentary](#) - Includes building tour footage and highlights from School Board and Building Committee meetings

[October 18, 1993 - Referendum public call-in Q&A with building committee](#)

[October 23, 1993 - Cape Courier Insert](#) describes planned renovation for Pond Cove and CEMS; prepared for November 1993 referendum

Cindy Voltz

Member, Cape Elizabeth School Board

Co-Chair, School Building Advisory Committee
