Dear Cape Elizabeth Community Members,

Thank you to those of you who participated in Tuesday evening's public workshop sponsored by the Ad Hoc Curtailment Committee. The small group format seemed to engender some lively discussion. There were many suggestions generated, which will be summarized and reviewed by the Committee.

Board Secretary
Superintendent of Schools

The unprecedented financial challenges that we face demand new and innovative responses. Your input and support as we deal with this situation is important and appreciated.

If you were unable to attend the workshop and have specific suggestions for revenue enhancement or expenditure reduction opportunities for the school and/or municipal budgets, please contact a member of the Curtailment Committee.

Sincerely,

Trish Brigham
