Re: Project Graduation

Dear Alan,

As per our conversation a few weeks ago, I am writing to let you know that the Project Graduation committee is planning to raise approximately \$20,000 to cover the cost of Project Graduation for the class of 2011. I understand that the School Board must be made aware of this endeavor formally so that they can approve and we can move forward. Thus, I am writing to request that you include this matter on your School Board meeting agenda for the month of December.

Thank You,

Laura Lynch
