

Special Olympics Swim Meet- March 25th, 2011

Pond Cove Summary

We had 8 swimmers from Pond Cove this year who all competed in the Cumberland County Special Olympics Swim Meet. They ranged in age from 5- 11 and completed two events each. Some of our swimmers finished in first place while others swam events for the first time. We had some really fast times. A lot of their classmates made it down to the pool to cheer them on which made everything extra special. Their classmates made posters which were hung around school, and/or brought to the swim meet. It was great to look up and see so many familiar faces. A lot of our swimmers are getting ready to move to the next stage in swimming, but swimming a length of the pool unassisted without any floatation device. We even had one swimmer this year dive off the blocks at the start of both of his races. Family and friends were all really proud of their swimmers and its one of the highlights of the year for everyone involved. Below are some of the pictures from the day and if you would like to watch some video clips of the students competing, please feel free to contact me at dcroft@capeelizabetschools.org
