

## Policy Committee Minutes

11.15.11

Members Present: Meredith Nadeau, Jeff Shedd, Steve Connolly, Gary, Lanoie, Kim Monaghan-Derrig, Kathy Ray

### 1. JRA-E - Annual Notice of Student Education Records and Information Rights

Steve had a question about section C1 (except photographs and videos on the Internet), which was answered. This policy will go to the School Board for second reading.

### 2. JFAB – Admission of Non-Resident Students.

Meredith has talked with several Superintendents on this issue. Some take tuition students and some do not. Meredith has been approached by 6 families who are interested. She has asked Eric Herlan from Drummond and Woodsum to advise us as Yarmouth has a policy that charges Instructional support students more tuition. Some school districts have very lengthy applications. This policy is not ready to go to the board, as we are waiting on additional information and it will require discussions with the full board.

### 3. GBEBB – Staff Conduct with Students

This policy was considered for second reading. I change in language was suggested and rejected by the committee. It will be presented to the School Board for second reading.

### 4. JJIAB – Private School Students – Access to public School co-curricular, interscholastic and extracurricular activities

This policy was considered for second reading. There were no changes made, so it will be presented to the School Board for second reading.

### 5. INJDB and INJDB-R

This policy and administrative guidelines have been reviewed by Gary Lanoie and Jeff Shedd to include iPads. There were a few wording changes and some insurance questions, which Gary and Jeff will iron out and bring to the School Board for first reading. The policy in an abbreviated form will also be included in the student handbook.
