

## GRADUATION REQUIREMENTS

Before entering high school, students need to know the standards for attaining a high school diploma in order to plan an appropriate, sequential, educational program to meet that goal.

Cape Elizabeth has adopted a proficiency-based system of learning consistent with Maine law, which means that after January 1, 2021, the awarding of a diploma will be contingent on the demonstration of proficiency in the content areas and Guiding Principles and the Learning Results rather than the accumulation of credits.

To be awarded a high school diploma from the Cape Elizabeth schools, students graduating in the Class of 2021 and beyond must demonstrate proficiency in the content areas identified in Maine's system of Learning Results, meet the cross-content performance standards set forth in the Guiding Principles of the Learning Results, and fulfill all additional graduation requirements set by the Board.

Students graduating in the Classes of 2015-2020 must meet the credit and other graduation requirements specified in this policy.

A student who would have graduated with the Class of 2020 and have been awarded a diploma at commencement but for his/her failure to earn sufficient credits or meet other requirements set by Board policy will have until December 31, 2020 to fulfill the graduation requirements applicable to the Class of 2020.

The Superintendent, through the high school principal or other designee, shall be responsible for making accurate information concerning diploma requirements available to incoming students and their parents prior to the start of their ninth grade school year. A copy of this policy will be disseminated to all incoming ninth grade students at the time of course selection. This policy will also be included in every edition of the high school student handbook.

The Board has approved the following schedule of minimum requirements for graduation, which includes minimum requirements specified by the State of Maine. The Board is aware that current law and regulations are subject to change.

The Board expects the Superintendent/designee to inform students and parents as soon as practicable of any additional State-imposed standards that must be met before students may be awarded a high school diploma.
