Hi Jonathan and Troy,

Please let me know if you plan to go forward with this idea. It seems very nice. I agree with Bob, it needs approval by the school board as well.

Thank you,
Howard

Jonathan,

It looks like a good location for a tree at first glance. We need to make sure that there are no underground wires or pipes in that area. The tree will also need to be watered through the summer. We can assist with that, but it would be nice if the students had some ownership in that. I believe the School Board may also have to approve the request.

I would recommend you reach out to our Tree Warden, Todd Robbins, who can advise on the proper species and possibly help with the actual planting of the tree after the request is approved. His number is 756-4113. I have also copied him on this message so he will be aware of the proposal.

Best Regards,

Robert C. Malley
Director of Public Works

Hi Bob -

By way of background, Dani was a 7th grade teacher here who passed away suddenly and totally unexpectedly in July 2017. The current 8th graders were her students and wanted to do something to remember her before they graduate.

Thanks in advance for any help or advice you can provide.

- Jonathan

Jonathan,

I am including Bob Malley in my reply since he would be the one to make the decision on something like this.

Thanks for checking!

On May 1, CEMS Staff and Students would like to plant a tree in memory of Dani. How would we go about getting a location approved for this?

The ideal one would be in the triangle shown in these pictures. However, that may be an unwise spot if the PCES/CEMS connecting cafeteria and arts center ever gets built.

Thanks in advance for any thoughts or advice you have.

Jonathan
