

Cape CC Meeting Minutes
April 8, 2008

Meeting called to order at 7:03pm

Rescheduled prep meeting at Winnick Woods – 8th grade project – to April 19, 2008 at 9:00am

Revised Designs for Stonegate Bridge Project

- New proposal for steel frame bridge
- Brian Tait of Casco Bay Steel in Saco is donating steel I-beams for bridge. Agreed to punch fastening holes at no charge
- Two (2), 24ft long, 6”x6” I-beams
- Weight per beam ~ 500 lbs – Use ATV to drag thru woods, or help carry thru woods.
- Drill holes for sona tubes – John Marchewka will evaluate site for possible use of his company’s drill rig.

Ken Cyr provided CC with proposal for Alewives Bridge – \$15,500.

- Proposes 4”x4” posts hand driven into the sediment that will extend to top of rail, rather than the engineering design spec. that called for shorter 6”x6” posts into the sediment with 4”x4” posts on top. Ken explained rationale for his proposal to the Commission members.

Motion was made to authorize Ken Cyr to build bridge at a cost not to exceed \$18,000, conditioned upon his revised design proposal obtaining approval from the Town Engineering. The motion was seconded and passed with a unanimous vote.

Minutes of March 2008 meeting. Motion made to approve minutes. Motion was seconded and passed unanimously.

Dena DeSena volunteered to represent the CC at the MEACC Annual meeting.

Planning Board meeting, BA Wetland Amendment. Commission members agreed to comment on the BA Wetlands Zoning Amendment Draft language.

Spurwink Church/Town Farm trail will be focus of Trail day, which will be held in June.

Motion to adjourn meeting was seconded and passed.
