All-

I went out and did a good inventory of the section of Green Belt that runs from Cross Hill road to Tigerlilly.

There is a substantial amount of work to be done, but I continue to think this is a great project for our bike club. Attached you will find a map with numbered points on it (they're small, sorry), a few photos, and a detailed list of what needs to be fixed.

I also put together a very rough materials list and cost estimate.

Hopefully we can add this to next weeks meeting.

-Mitch
