

Great Pond Preserve Planning Meeting Summary
October 5, 2016 Meeting
7:00 – 8:30 p.m.

Participants: Tom McInerney, Mitch Wacksman, Marc Fleming, Dave Volin, Cindy Krum

1. Review Public Access Easement Requirements (attached for reference)
 - Briefly discussed requirements

2. Planning for Trails Next Steps
 - Review recommendations from site walk
 - Looked at map drawn during walk. Decided we needed to do another walk to figure out the loop trail.
 - All in agreement that we wanted a loop trail on woodland part of property nearest to Great Pond. We would like the loop to be as large as possible while staying away from houses. Would like to include “not so great pond” in loop.
 - Determine next steps
 - Discussed cottontails – would need to talk with Jordan’s before progressing with any plans
 - Mitch will check with Maureen on status of trails at “not so great pond” and the idea of linking into the loop trail. Also wanted to determine if trail could go around “not so great pond”
 - Need to set time for clean-up (maybe included with spring trail creation)
 - Cindy will check DEP permit requirements

3. Next Steps on Public Access Recommendations
 - Contacting Horse Farm
 - Tom will follow up
 - Other needs?
 - None determined

Next Meeting:

November 6 at 12:30 – Meet at end of Fenway Road for site walk and planning
