DEED OF CONSERVATION EASEMENT
on Cross Hill, Wells Road, Cape Elizabeth, Maine

KNOW ALL BY THESE PRESENTS, that CROSS HILL LLC, a Maine limited liability company with a place of business and a mailing address of c/o Stephen P. Parkhurst, 281 Veranda Street, Portland, Maine 04103 ("Grantor"), HEREBY GRANTS to CAPE ELIZABETH LAND TRUST, a Maine non-profit corporation with a place of business and mailing address of Box 265, Cape Cottage, Cape Elizabeth, Maine 04107 ("Holder"), its successors and assigns, WITH QUITCLAIM COVENANT, the following described conservation easement (the "Easement") upon approximately 102 acres of land in the Town of Cape Elizabeth, Cumberland County, Maine (the "Protected Property"), being that area within the development known as Cross Hill more particularly described in Exhibit A attached hereto and shown on the plan of land attached hereto as Exhibit B. Said Easement over the Protected Property is granted SUBJECT TO existing easements, restrictions or reserved rights of record, including without limitation those set forth on Exhibit C attached hereto. Grantor further GRANTS to THE STATE OF MAINE by and through its Department of Environmental Protection (the "Third Party"), with QUITCLAIM COVENANT, certain third party rights of enforcement of this Easement with respect to Parcels IV, VI and VII as described in Exhibit A, as more particularly set forth herein.

PURPOSE

It is the purpose of this Easement, pursuant to the State of Maine Department of Environmental Protection Order #L-19163-L2/31-A-N, issued February 14, 1997, to provide a significant public benefit by protecting and preserving in perpetuity the natural character of the Protected Property and its scenic beauty, and for passive outdoor recreation by the general public as limited herein.

NOW THEREFORE, Grantor and Holder have established the Easement on, over and across the Protected Property consisting of the following terms, covenants, restrictions and affirmative rights granted to Holder, which shall run with and bind the Protected Property in perpetuity:

COVENANTS AND RESTRICTIONS

1. Land Use. It is the purpose of this Easement, pursuant to the State of Maine Department of Environmental Protection Order #L-19163-L2/31-A-N, issued February 14, 1997, to preserve and protect in perpetuity the scenic and substantially unaltered natural resources of the Protected Property, subject only to changes appropriate to provide opportunities of low-impact, non-motorized outdoor recreation, nature observation and study and to preserve the health of the wetlands and wooded ecosystem. No commercial, industrial, residential, quarrying, mining or building development activities are permitted on the Protected Property, other than as specifically reserved herein or in Exhibit C attached hereto. Subject to any more restrictive local, state and federal laws and regulation, it is forbidden to dispose of or store rubbish, garbage, building debris, unregistered vehicles, abandoned equipment, parts thereof or other unsightly or

rubbish, garbage, building debris, unregistered vehicles, abandoned equipment, parts thereof or other unsightly or offensive waste material on the Protected Property, except that blowdowns and other slash may be left to remain on the Protected Property and other waste generated by permitted uses on the Protected Property may be stored temporarily in appropriate containment for removal at reasonable intervals.

2. Subdivision. Division of the Protected Property into additional parcels or lots is permitted, subject to all required governmental approvals, including, without limitation, Cape Elizabeth Planning Board subdivision approval. However, apart from the allocation of a portion of the Protected Property to the adjacent Cross Hill development as required open space pursuant to Cape Elizabeth Planning Board approval dated April 15, 1997, no portion of the Protected Property may be included as part of the gross tract area of other property not subject to this Conservation Easement for the purposes of determining density, lot coverage or land area requirements under otherwise applicable laws or regulations controlling land use and building density.

3. Structures. As of the date of this grant, there are no structures on the Protected Property except for unpaved footpaths and utility facilities over, under and upon the Central Maine Power Company and Portland Water District easements in Exhibit C attached hereto. No additional structure of any kind, temporary or permanent, may be located on the Protected Property without the prior written consent of Holder, except however, Grantor reserves the right to locate the following:

A. anywhere upon the Protected Property, minor rustic structures such as trail markers, small information and directional signs, resting or observation benches, nature observation blinds, rock or wooden steps to prevent trail erosion on steep inclines, water bars across trails, rock or wooden barriers to prevent access by motor vehicles, primitive bridges for stream or wetland trail crossings;

B. only within that portion of the Protected Property delineated as "Common Green Phase I" on Exhibit B, stone or wooden seating facilities for outdoor community gatherings, rustic picnic tables, tents or similar removable shelters erected for no more than three (3) days' duration for occasional community gatherings, or rustic low fences for preventing vehicular access or defining space within a comprehensive landscaping scheme;

C. only within that portion of the Protected Property delineated as "Picnic Area" on Exhibit B, rustic picnic tables, fire pits, or rustic low fences for preventing vehicular access or defining space within a comprehensive landscaping scheme;

D. only within that portion of the Protected Property delineated as "Common Green Phase III" on Exhibit B, rustic stone or wooden benches or picnic tables, or rustic low fences for preventing vehicular access;

E. only within that portion of the Protected Property delineated as "Half-Court Basketball Area" on Exhibit B, an artificially surfaced court and basketball standard for daylight play.

4. Surface Alterations. As of the date of this grant, there are no surface alterations on the Protected Property except for unpaved trails and cleared and graded utility easement areas as generally depicted on Exhibit B. No additional filling, dumping, excavation, paving or other alteration may be made to the surface of the Protected Property without the prior written consent of Holder, except, however, Grantor reserves the right to make such surface alterations as reasonably required for the following purposes:

A. anywhere upon the Protected Property, to maintain existing trails and structures upon the Protected Property;

B. anywhere upon the Protected Property, to establish and maintain additional unpaved trails and construct and maintain those additional structures permitted under Paragraph 3;

C. only within that portion of the Protected Property delineated as "Common Green Phase I" on Exhibit B, to maintain pedestrian-accessibility of open space and provide unpaved community gathering space;

D. only within that portion of the Protected Property delineated as "Picnic Area" on Exhibit B, to maintain pedestrian-accessibility of open space and provide unpaved picnic space;

E. only within that portion of the Protected Property delineated as "Half-Court Basketball Area" on Exhibit B, to provide unpaved open space surrounding the surfaced court.

5. Vegetation Management. As of the date of this grant, the Protected Property is in a substantially undisturbed, predominantly forested condition with areas of mixed softwood and hardwood forest and freshwater wetlands, with the significant exception of the open former pastureland within that portion of the Protected Property delineated as "Common Green Phase I" or "Picnic Area" or "Half-Court Basketball Area" on Exhibit B. No vegetation may be cut, disturbed, altered or removed from the Protected Property without the prior written consent of Holder, except, however, Grantor reserves the right to cut, disturb, alter, plant or remove vegetation as follows:

A. anywhere upon the Protected Property, to maintain existing trails and structures upon the Protected Property;

B. anywhere upon the Protected Property, to establish and maintain additional unpaved trails and construct and maintain those additional structures permitted under Paragraph 4 or carry out those surface alterations permitted under Paragraph 5;

C. only within that portion of the Protected Property delineated as "Common Green Phase I" or "Picnic Area" on Exhibit B, to maintain open space or to provide screening or space definition within a comprehensive landscaping scheme;

D. only within that portion of the Protected Property delineated as "Common Green Phase III" on Exhibit B, to maintain limited open space or to provide screening or space definition in the immediate area of any permitted benches or tables, provided that the predominately forested nature of such Common Green Phase III is not altered thereby;

E. only within that portion of the Protected Property delineated as "Half-Court Basketball Area" on Exhibit B, to maintain open space or to provide screening surrounding the surfaced court;

F. anywhere on the Protected Property to reasonably protect the safe use of the Protected Property for low-impact, non-motorized recreational uses otherwise permitted herein, or to prevent the spread of disease or danger of fire;

G. anywhere on the Protected Property to clear and restore forest cover and other vegetation that is damaged or destroyed by the forces of nature, such as fire or disease.

Subject to any rights reserved in Exhibit C or to other easement holders of record, the use of chemical herbicides, pesticides, fungicides, fertilizers and other agents upon the Protected Property shall be limited to those not having a demonstrably adverse effect on the wildlife, wetlands or other habitat associated with the Protected Property. Any such use of chemical herbicides, pesticides, fungicides, fertilizer and other agents shall be carried out only with the prior approval of Holder and in accordance with a plan of application consistent with all applicable law and protection of safety of the neighboring property owners and the public.

6. Prohibited Uses. In no event shall any portion of the Protected Property be used for hunting, trapping, camping, fires (other than in fire pits that Grantor may maintain upon that portion of the Protected Property delineated as "Picnic Area" on Exhibit B), harvesting of timber for commercial use, motorized vehicles, snowmobiles or other activities that interfere with the conservation values of the Protected Property or the quiet use and enjoyment of the Protected Property as otherwise permitted herein or the quiet use and enjoyment of neighboring residential properties. Motorized vehicles, including, without limitation, snowmobiles, shall be temporarily permitted upon the Protected Property in emergencies to the extent necessary to protect life, property and public safety, for the limited purpose of grooming snow on trails to the extent reasonably necessary to facilitate cross-country skiing, and with the prior written consent of Holder to carry out construction or maintenance of structures, surface alteration or vegetation management as otherwise permitted hereunder.

7. Public Access. Grantor and Holder agree to take no action to prohibit, discourage or charge a fee for pedestrian non-motorized public access to and use of the trails and recreational facilities upon the Protected Property, provided that a reasonable charge may be made for large community gatherings or the erection of temporary shelters within that portion of the Protected Property delineated as "Common Green Phase I" on Exhibit B. Grantor has the right to make reasonable rules and regulations for the safe and orderly reasonable public use for permitted purposes and for the prohibition by posting and other means of uses prohibited by Paragraph 6 or otherwise excluded by such reasonable rules and regulations.

8. Notices. Any notice to Holder required hereunder must be made by certified mail, return receipt requested, addressed to: President, Cape Elizabeth Land Trust, Box 265, Cape Cottage, Cape Elizabeth, Maine 04107, or to such other authorized person hereafter designated in writing by Holder. Any notices to Holder or requests for Holder consent required or contemplated hereunder must include sufficient information to enable Holder to determine whether proposed plans are consistent with the terms of this Easement and the purposes hereof. Any notice to Grantor required hereunder must be made by certified mail, return receipt requested, addressed to: Cross Hill LLC, P.O. Box 2101, South Portland, Maine 04106, or to such other authorized person hereafter designated in writing by Grantor.

9. Costs and Taxes, Indemnification. Grantor is responsible to pay and discharge when due all property taxes and assessments lawfully imposed upon the Protected Property and to avoid the imposition of any liens that may adversely affect Holder's rights hereunder. Grantor acknowledges that Holder has no possessory rights in the Protected Property, nor any responsibility or right to control, maintain or keep up the Protected Property. Grantor will indemnify Holder from any claims for damages which arise from Grantor's breach of any lawful duty of Grantor to control, maintain or keep up the Protected Property, except for harm arising out of the negligent acts or misconduct of any indemnified party, or as may arise out of the indemnified party's workers' compensation obligations. Grantor's indemnification obligations hereunder shall apply only with respect to events arising during Grantor's ownership of the fee of the Protected Property, and upon transfer by Grantor of such fee, all indemnification obligations hereunder for any subsequent events shall no longer apply to Grantor and instead shall be assumed by the holder of such fee at the time of such subsequent event.

10. Holder's Affirmative Rights. To accomplish the purpose of this Easement the following rights are conveyed to Holder:

A. the right to preserve and protect the conservation values of the Protected Property;

B. the right to enter and inspect the Protected Property at any reasonable time and in any reasonable manner provided that the time and manner of such entry does not unreasonably interfere with the uses of the Protected Property permitted hereunder or the quiet enjoyment of other lands of Grantor, and to enforce by proceedings at law or in equity the covenants set forth herein, including the right to require restoration of the Protected Property to its condition prior to any breach hereof;

C. the right to prevent any activity on or use of the Protected Property that is inconsistent with the purpose of this Easement and to require the restoration of such areas or features of the Protected Property that may be damaged by any inconsistent activity or use.

11. Conservation Easement Requirements under Maine Law and Federal Law. This Easement is created pursuant to the Uniform Conservation Easement Act, of Title 33 M.R.S.A. Sections 476 through 479-B, inclusive, as amended. This Easement is established exclusively for conservation purposes pursuant to the Internal Revenue Code of 1986 as amended (the "Code"), Title 26, U.S.C.A. Section 170(h)(1)-(6) and Sections 2055 and 2522, and under Treasury Regulations, Title 26 C.F.R. Section 1.170A-14 et seq., as amended. The Holder is qualified to hold conservation easements pursuant to Title 33 M.R.S.A. Section 476(2)(B), and is a Qualified Organization under Code Section 170(h)3, to wit: a publicly funded, non-profit 501(c)(3) organization operated primarily to accept lands, easements and buildings for the purpose of preserving and protecting natural, scenic, educational, recreational and open space values of real property, having a commitment to protect the conservation purposes of the donation and the resources to enforce the restrictions hereof. The Third Party is qualified to hold conservation easements pursuant to Title 33 M.R.S.A. Section 476(2)(A), and is a Qualified Organization under Code Section 170(h)3, to wit: a governmental entity with the commitment to preserve the conservation values of the Protected Property.

12. Rights of Third Party. The Third Party is granted the same inspection and enforcement rights as are granted to Holder under this Easement, provided that the Third Party shall be entitled to assume enforcement rights only with respect to Parcels IV, VI and VII, as described in Exhibit A, and only upon the failure of Holder to adequately enforce the terms hereof. If the Third Party shall determine that Holder is failing to adequately enforce this Easement, the Third Party may give notice of such failure to Holder and Grantor, and if such failure is not corrected within a reasonable time thereafter, the Third Party may exercise, in its own name and for its own account, all the rights of enforcement granted Holder under this Easement with respect to Parcels IV, VI and VII, as described in Exhibit A. The Third Party shall also have reasonable access to all records of Holder relevant to Parcels IV, VI and VII of the Protected Property.

13. Submission of Additional Protected Property. Grantor reserves the right to designate additional property to be included within the Protected Property, whether in accordance with the anticipated phased development of Cross Hill or otherwise. Any such supplemental designation shall be by instrument executed by Grantor and duly recorded in the Cumberland County Registry of Deeds with reference to this original instrument.

14. Anticipated Dedication of Protected Property: Phased Improvements. Holder acknowledges that Grantor anticipates the conveyance of the fee interest in the Protected Property and the rights of Grantor hereunder to the Town of Cape Elizabeth, subject to the obligation of Cross Hill LLC to complete construction of improvements to the Common Green Phase I, Common Green Phase III and Half-Court Basketball Area, and certain trail, bridge and miscellaneous other improvements, all pursuant to rights of Grantor reserved under this

Easement and in accordance with requirements of development approvals of Cross Hill or voluntary contributions by Cross Hill LLC to the Town of Cape Elizabeth. Subject to such approvals and other specific limitations upon Grantor's reserved rights under this Easement, Grantor reserves the right to determine the timing and scope of such dedication to the Town of Cape Elizabeth and construction of all required or voluntary improvements, whether undertaken all at once or piecemeal from time to time consistent with the anticipated phased development of Cross Hill.

15. Miscellaneous.

- A. This Easement is governed by Maine law;
- B. If uncertainty should arise in the interpretation of this Easement, judgment should be made in favor of conserving the Protected Property in its natural, open and scenic condition.
- C. This Easement shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors and assigns and shall continue as a servitude running in perpetuity with the Protected Property. Provided, however, that the obligations of Grantor, or any successor owner of the Protected Property, shall cease upon such person or entity's transfer of all present, partial, contingent, collateral or future interest in the Protected Property, and only to the extent that the Protected Property is then in compliance herewith. Responsibility for breaches of this Easement occurring prior to such transfer will survive such transfer. Upon prior request of Grantor permitting a reasonable period for inspection, Holder will certify the compliance of the Protected Property with the terms hereof at Grantor's expense.
- D. If any provision of this Easement is found to be invalid or unenforceable in any respect, the validity and enforceability of the remainder hereof shall not be affected.
- E. The failure or delay of Holder, for any reason whatsoever, to enforce this Easement shall not constitute a waiver of rights and Grantor hereby waives any defense of laches, prescription or estoppel.
- F. In making this grant, Grantor has considered the fact that uses prohibited hereby may become more economically valuable than permitted uses, and that neighboring properties may in the future be put entirely to such prohibited uses. It is the intent of Grantor and Holder that any such changes not be deemed to be changed conditions permitting termination of this Easement.

TO HAVE AND TO HOLD the said Easement unto the said Holder and its successors and assigns forever and such secondary enforcement rights as are set forth herein unto the said Third Party and its successors and assigns forever.
