Hi Maureen,

We are in the process of updating our Cape Elizabeth map with new properties, new information, and trail edits. I'd like to check in with the Town side of things to see if there are any new trails or changed routes on your properties that we should be displaying on this map!

I'm not sure if this is something that would best be brought to the whole Conservation Committee to workshop--if so, would there be time to get this on the August agenda? If not, let me know the best way we can get feedback from you on this.

Thanks very much,

Christian Schorn

Chris,

The Conservation Committee should be reviewing updated maps at the August meeting. I can bring your request to them at that time.

Maureen
