### Subdivision Review (Sec. 16-3-1)

The comments of the Town Engineer are attached. Below is a summary of compliance with the Subdivision Ordinance Standards of Review.

#### A. Proposed Streets

The applicant will extend Golden Ridge Lane to provide access for the new lots.

#### B. Street Design

The applicant will construct Golden Ridge Lane to town private road standards, except that the traveled surface width has been reduced from 22' to 18' wide.

The road design includes full reconstruction of gravel in accordance with town standards.

#### C. Landscaping

D. Off-street areas

No disposal or storage areas are proposed.

E. Street layout

The road has been laid out in a logical manner to continue the existing private road, avoid wetlands and provide access to the proposed lots.

H. Street names

The road name has been previously approved by the Police Chief.

The site is not located in a vista or view corridor as identified in the Visual Impact Study conducted by the town.

Q. Recreation/Open Space
