AFN
Affinity®

Intended Use
Provides a minimum of 90 minutes illumination for the rated wattage upon loss of AC power. Ideal for applications requiring attractive unit equipment.

Construction
Compact, low-profile, architectural design with die-cast aluminum housing. Available finishes are texturized polyester powder coat paint in nickel white, black and dark bronze.

The self-diagnostic emergency units comply

with NFPA Life Safety Code® and automatically test the battery once a month for five minutes and once every six months for 30 minutes.

U.S. Patent No. D468,046.

Standard optics provided with two 6W wedge-base xenon lamps offer 55% more light output than standard incandescent lamps.

Forward throw (FWD) option optics provided with two high-brightness white LEDs projecting a forward throw beam of light.

Patented reflector/refractor design features superior vac-metalized, die-casted reflectors and multi-faceted, highly transmissive refractors that significantly improve photometrics.

Maintenance-free lead-calcium battery (standard). Nickel-cadmium optional.

Dual-voltage input capability (120/277V).

Low-profile, integrated test switch/pilot light located below the lens.

Rigid conduit entry provision on top of the unit.

Remote version available for exterior use. Ideal for exit discharge applications.

Listings
UL Listed. Meets UL 924. Wet location (EXT) listed. Damp location (PREM, EXT) listed. Cold weather (EXT) listed. Meets NFPA 101, NFPA 70-NEC and OSHA illumination standards.

PRODUCT DESCRIPTION

Make sure your house, garage and workshop are prepared for potential fires by acquiring the Kidde 3-A:40-B:C Fire Extinguisher. This fire extinguisher is suitable for use on fire involving household materials, including fabrics, plastics, wood, paper, flammable liquids and electrical equipment. This non-rechargeable extinguisher offers a pressure gauge for accurate pressure readings and an easy-pull safety pin that helps to eliminate accidental discharges.

- Kidde UL listed 3-A:40-B:C fire extinguisher is rated for use on household fires
- Pressure gauge allows you to check that the extinguisher is in proper working order
- Rust and impact resistant nylon handle
- Easy-pull safety pin helps prevent accidental discharges
- The Full Home extinguisher has a discharge time of 13-15 seconds, discharge range of 12-18 feet with operating pressure rated at 195 PSI
- MFG Brand Name : Kidde
- MFG Model # : 21007245 .
