Re: Inn by the Sea 500 Building Site Plan Amendment Review

Dear Maureen:

We have received a submission package dated May 29, 2015 for the subject project. The package included a transmittal letter from Barry Hosmer, a Landscape Architect out of Portland, Maine, and an updated Landscape Plan dated May 29, 2015. Without an updated full plan set, we were unable to check whether or not our comments from our May 12, 2015 review letter regarding the need for additional lighting information and a registered professionals seal, were addressed by the designer. During the next review period, the designer should submit an updated thirteen-sheet plan set so that we can specifically review if our earlier comments have been addressed.

Sincerely,

SEBAGO TECHNICS, INC.

A handwritten signature in black ink, appearing to read "Stephen D. Harding".

Stephen D. Harding, P.E.
Town Engineer
