Zoning Ordinance Amendment**

**SEC. 19-7-2. OPEN SPACE ZONING**

**D. Open Space Design Standards**

In addition to other standards of this Ordinance and of the Town's Subdivision Ordinance, the following design standards shall apply.

*1. Land to be preserved as open space*

- c. Preservation priorities. Consistent with the standards set forth above, the land within the residential development to be preserved as open space shall be determined using the following priorities, in the order that they appear. To the extent priorities that are higher on this list are met by the proposed open space provisions in a residential development, the landowner shall have satisfied the requirements of this subsection even if the proposed open space design does not preserve lower priorities.

- ii. Agriculture. In a manner that preserves active agricultural fields for agricultural use. The agricultural land to be preserved as open space must meet the requirements of "farmland" as that term is defined in the Farm and Open Space Tax Law, 36 Farm Land under 36-M.R.S.A. Sections 1101-1121, Farmland Tax Law, but does not need to be registered under this state program. The agricultural land to be preserved under this subsection shall be deemed to meet the requirements of "farmland" if it is part of a parcel or parcels that meet the farmland definition referenced above, even though the agricultural land to be preserved does not independently meet all the criteria in the definition.

*6. Density Bonus for additional Public Benefit*

- b. Density Bonus. The total density bonus allowed under the provisions in Sec. 19-7-2 (E), shall not exceed thirty percent (30%) of the base density determined for each zoning district.
