

## Library Director's Report

### October 2016

#### Facility

- Items
  - Greg will be working on offering suggestions for suitable site for sculpture Foundation is donating. Placement of below ground utilities a major consideration.
  - Children's Garden - Working with a local landscape architect on redesigning that space
  - Roof Garden - Planters will be extended further out. That will be handled by Facilities
  - Sound Issues - Facilities will coordinate with sound engineer for solutions
- We are looking to add some fixtures for the building. Have contacted additional vendors and are reviewing options.

#### Staffing

- Review process is taking a little longer than hoped to work through. I want to make sure that the actions taken are fair, thoroughly reviewed, and will serve the Library well in the near and long term future.

#### Maine Shared Collection

- I am looking to join the Maine Shared Collection. They offer excellent collection development tools, as well as reassurances that certain items will be retained by libraries in Maine in exchange for our commitment on some items. I will bring more information to the meeting.
