Date: October 18, 2013

Re: Ottawa Road CSO Master Plan – Item #137-2013

A public hearing was held by the Town Council on Monday, October 7, 2013, to receive any public comment on the above referenced plan. Christopher Dwinal, P.E., from the firm of Wright-Pierce, Inc., presented a summary of the plan to the Town Council prior to the opening of the hearing. There was no public comment and the report was well received by the Council.

Given your absence, I asked to Town Council to defer the final approval until the November Town Council meeting, when you could be there to answer any potential questions related to the funding of the plan's proposed initiatives. Scott Firmin (from the Portland Water District) and I will also be at the meeting in November.
