**Date:** Nov 14, 2019

**Committee No. 1** Conservation Committee

**Name** Matthew Craig

**Address** 6 Farm Hill Road

**Home**

**Is your home phone unlisted?** Yes

**Cell**

**Email Address**

**Occupation** Habitat Program Manager

**Employer** Casco Bay Estuary Partnership at the University of Southern Maine in Portland

**Why did you choose the board(s) or committee(s) listed above?**

As a conservation professional, the Conservation Committee's area of responsibility most closely aligns with my knowledge, skills and experience. I am a year-round user of our open space and trail systems, and my family and I have explored most of the public and conserved lands in town. I would like to deepen my involvement with open space planning and protection, maintenance and expansion of the Greenbelt, collaborations with CELT, schools and other landowners, stewardship of Town-owned properties, and other topics that come before the Committee. I am also particularly interested in coastal resilience and protecting our high value coastal and aquatic habitats.

**What talents/skills do you feel you would bring to this position?**

I have a fairly broad range of related technical skills (e.g. GIS), soft skills (e.g. project management), and topical knowledge (e.g. tidal marshes). I anticipate that the skills I've developed in my board role with Presumpscot Regional Land Trust (stewardship, acquisition, landowner relations, finance, governance) will be useful in the Committee's work.

**What municipal boards, volunteer organizations or**

I've volunteered with the Presumpscot Regional Land Trust for 12 years, in varying capacities, and recently started my eleventh year as a Director. I have been active

**community service groups have you worked with in the past and for what length of time?**

with several PRLT committees and stewarded multiple properties. If I am selected for the Conservation Committee, I expect to step off the PRLT board. Closer to home, I've also volunteered with CELT's river herring monitoring program, in Alewife Brook.

**Are you employed by the Town of Cape Elizabeth or the Cape Elizabeth School Department?**

No

**Do you serve as a volunteer for the Town of Cape Elizabeth or Cape Elizabeth School Department?**

No

**Is your schedule flexible enough to allow you to attend meetings regularly?**

Yes

**Why did you choose the board(s) or committee(s) listed above?**

I had the opportunity to work with Sarah Campbell at the Portland Public Library system a few years back on overhauling their website and integrating BiblioCommons. In support of that project, I had to do extensive research on the general public's current perception of public libraries, and the evolving role of the public library as a community hub. I found the work both interesting and essential, and would love the opportunity to participate with my local public library.

**What talents/skills do you feel you would bring to this position?**

I have an extensive background in branding and advertising, and continually work to deepen my understanding of audiences and behaviors, messaging and emotion. In my role at Ethos | VONT, I work collaboratively with a team of designers, writers, and developers to create authentic stories for our clients that are delivered across digital, traditional, and broadcast mediums. These skills can add a valuable lens to conversations regarding the positioning of an organization in the community, and help inform the strategy/approach to communication.

**What municipal boards,**

While I have not served on a > municipal < board, I am currently on the Board of

Directors for Side x Side (sidexsideme.com), a Portland-based non-profit focused on bringing creativity and innovation into public schools via arts integration. I have been working with the Board since August of 2018, and was elected to the role of Secretary in January of this year.
